

## Automated Business Assurance for a Wealth Management Advisory

Cognizant helps a leading American financial services firm assure business processes with ADPART

### The Business Challenge

The client, a leading US based investment and wealth management services provider, was aiming to provide better stakeholder experience through accelerated business readiness of its Wealth Management services.

Cognizant was brought in to assure the business outcomes while ensuring that the entire transformation process was swift and seamless.

### Our Solution

Cognizant ADPART was deployed to automate the Business Process Testing with End-to-End mapping of the client's wealth management business processes.

Cognizant ADPART delivered fully automated componentized test design and execution which ensured 100% business exception coverage. The intuitiveness of ADPART allows automatic test case prioritization as well as unattended overnight execution.

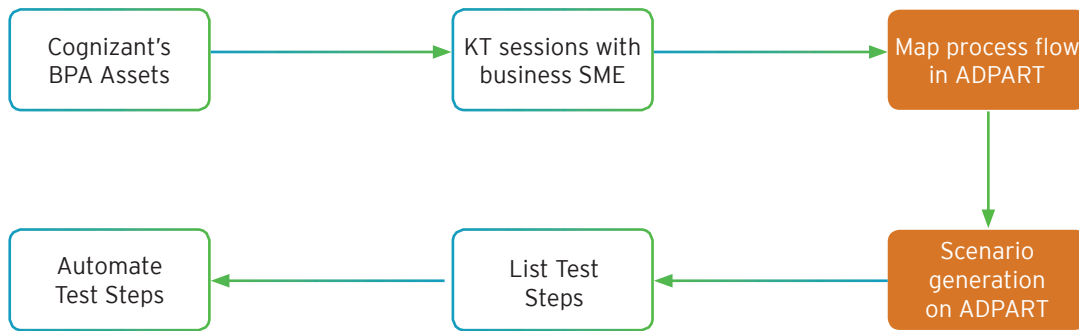

### The ADPART Advantage

Cognizant leveraged ADPART for automated validation of business processes through the following stages:

- End-to-End process mapping
- Validation of process map from business
- Generation of unique test scenarios
- Assignment of risk ratings
